

## Do you have information on the best places to stay near the workshop venue?

---

We recommend a few places depending on your budget and what you're most comfortable with. The Magnolia Hotel <http://www.magnoliahotel.com> is one block away from our centre and in the heart of downtown. It is lovely, many rooms have views of the inner harbour. The price is reasonable. For a little less cost, you can stay at The Helm's Inn (6 short blocks away)

<http://www.helmsinn.com/>

. We like this hotel because it's very reasonably priced and the rooms are all antique and each one is unique in its layout – not typical hotel rooms, and just 2 blocks from the inner harbour and many fun things to do and see. And lastly, the Traveller's Inn – about 6 blocks from CEDRIC and the core of downtown. The lowest price of the three, clean and comfy, standard hotel rooms.

And there are many, many others. Expedia.ca is a great service to explore good deals on local hotels.
